

## **Students Satisfaction Survey Report 2021-2022**

The institution has conducted a student's satisfaction survey seeking response from the B.Ed. and M.Ed. students who have passed out from the college in the current year, regarding various aspects of teaching learning process, use of ICT tools, extra-curricular and co-curricular activities, student-teacher relationship, overall personal and career development option provided as the criteria. The survey report shows that there was a positive attitude of students towards their experiences in the college. To conduct the survey a questionnaire was prepared and the students had to submit their responses in a written manner. The responses received from the students shows that-

1. Most of the students were satisfied with the online and offline modes of teaching-learning process.
2. The students were appreciative towards the hands-on experiences during the Internship period.
3. Most the students were satisfied with the content knowledge imparted by the teachers and the efforts implied by the teachers for delivering the knowledge and information.
4. The students were satisfied with coverage of syllabus by the teachers on stipulated time and fulfillment of the teaching learning objectives.
5. The workshop organized also received a positive criticism by both B.Ed. and M.Ed. students.
6. The students were satisfied and enlightened with the career counseling program conducted by the college.
